Our signature program: Open Your to a Senior

Community Faith in Action

Women's Leadership Council proudly supports United Way's Open Your Heart to a Senior program (OYHS).

Many local women take on the role of caregiver for an aging parent or relative - in addition to her role as professional, wife, mother,

friend and more. We support OYHS because they support women caregivers and all of the senior caregivers across our community.

OYHS matches volunteers with local seniors, who provide the care and companionship that seniors need to remain independent, safe

and healthy. Volunteers give rides to appointments, go grocery shopping, perform home safety checks and much more.

Since OYHS started over 10 years ago, they have served 2,700 seniors with over 100,000 hours of volunteer service!

Experience it all:
